

**Shade Tree Request Form**

**ATTN: Jacob Callahan  
Borough of Highland Park  
221 So. Fifth Avenue  
Highland Park, NJ 08904**

Street trees can only be planted on Borough property. After receiving your request, a member of the Shade Tree Advisory Committee will evaluate your location for suitability for planting. While we aim to plant primarily native trees, we welcome input from homeowners on the choice of species. The final selection will depend on availability as well as the necessity of sizing the tree to the location (considering constraints such as overhead wires and narrow planting strips). New trees may require some care by the property owner; instructions will be provided. Thank you for beautifying our town and caring for our environment!

\_\_\_\_\_ Yes, I would like to help defray some or all of the cost of my new tree(s). Each tree costs the Borough about \$650 during its first two years as it becomes established. My tax-deductible donation to the Borough of Highland Park's Tree Replacement Fund for \$\_\_\_\_\_ is enclosed. I understand that I don't need to pay to get a tree but I am happy to do my part to help beautify our community and improve our environment.
